(English version)

Fabricating/ falsifying Medical Examination Reports for Employment! Concealing Mental Illness, Psychological Disorders, and Physical Conditions!

Frequently Publishing Explicit and Violent Remarks, Suspected of Endangering Social and Cybersecurity!

Falsifying medical examination reports constitutes an illegal act. The legal basis is as follows:

I. Legal Basis for the Illegality of Falsifying Medical Examination Reports

According to **Article 52 of the Public Security Administration Punishment Law of the People's Republic of China**, the acts of forging, altering, or trading official documents, certificates, proofs, and seals issued by state agencies, mass organizations, enterprises, institutions, or other organizations are illegal. Medical examination reports, being proof issued by medical institutions, are subject to this law if falsified.

II. Consequences of Falsifying Medical Examination Reports

1. Revocation of Examination Qualification: If falsification is discovered during the process, the individual's medical

examination qualification will usually be revoked immediately, and they may face legal consequences.

2. **Invalid Labor Contract:** If an employment contract is signed based on a falsified medical report, the contract may be deemed invalid. Such behavior constitutes fraud against the employer and is not legally protected.
 3. **Legal Accountability:** Depending on the severity and consequences of the falsification, the individual may face administrative or even criminal liabilities. For instance, under Article 52 of the aforementioned law, the individual may be subject to detention or fines.
-

Report Structure and Content

1. Evidence of Qin Yuyuan's Falsification of Employment Medical Examination Reports

- **Report on the falsification process:** Details of substituting blood samples and fabricating the report.
- **Screenshot evidence:** Images demonstrating the falsification and proof of deceiving others into providing blood samples on their behalf.
- **Identification verification:** Evidence confirming that the individual involved (via WeChat ID) is the same as Qin Yuyuan, an NTU Master of Knowledge Management graduate in 2022.

2. Documentation of Qin Yuyuan's Concealment of Disabilities and Illnesses on Public Platforms

- **Analysis of public posts:** Compilation of posts containing keywords related to psychological/mental illnesses and offensive language from public platforms.

- **Summary of five key reporting points:** Comprehensive statement and evidence for each.
- **Detailed reports for each point:** Including supporting screenshots.

3. Verification of Qin Yuyuan's Weibo Account and Identity

- **Link to the Weibo account:** Details of the account.
- **Cross-reference analysis:** Comparison of content on the account with that of Qin Yuyuan, an NTU Master of Knowledge Management graduate in 2022, currently a Production Specialist at Longi Solar's Cell Manufacturing Center. This confirms the account belongs to Qin Yuyuan.

入职体检报告作假！隐瞒精神疾病！心理疾病！生理疾病频繁发表黄色暴力言论，危害社会与网络安全嫌疑！

体检作假属于违法行为。法律依据如下！

一、体检作假违法的依据

根据《中华人民共和国治安管理处罚法》第五十二条的规定，伪造、变造或者买卖国家机关、人民团体、企业、事业单位或者其他组织的公文、证件、证明文件、印章的行为是违法的。体检报告作为医疗机构出具的证明文件，如果作假，就涉嫌违反这一法律规定。

二、体检作假的后果

1. 取消体检资格：如果在体检过程中被发现作假，通常会立即取消体检资格，并可能面临法律追究。
2. 劳动合同无效：如果凭借作假的体检报告与用人单位签订了劳动合同，该合同可能被视为无效。因为这种行为构成了对用人单位的欺诈，不受法律保护。
3. 承担法律责任：根据作假的严重程度和后果，作假者可能需要承担行政责任甚至刑事责任。如上述《中华人民共和国治安管理处罚法》第五十二条所规定，可能会面临拘留和罚款的处罚。

举报逻辑与内容为如下三部分：

1- 秦瑜苑入职体检报告异常，令他人代其采血，作假体检报告

Part I

Evidence of Qin Yuyuan's Falsified Employment Medical Examination and Substitution of Blood Samples

1. Report on the Falsification Process

The individual in question, Qin Yuyuan, a graduate student from NTU's Master of Knowledge Management program 2022, is currently employed as a Production Support Specialist at Longi Solar's Cell Manufacturing Center, Shannxi, Xi'an, China.

On June 23, 2022, prior to formal employment, Qin Yuyuan encountered issues with her pre-employment medical examination. Her "Liver Function Panel" results were abnormal, which disqualified her from passing the mandatory health check for employment.

To circumvent this issue, Qin Yuyuan, after consulting with her mother, decided to deceive her employer by arranging for a "junior schoolmate" (hereafter referred to as N) to visit the hospital and provide a blood sample on her behalf. This allowed them to substitute N's normal blood test results for Qin Yuyuan's abnormal ones and submit the falsified report to the company's human resources department. (Refer to attached chat records for details.)

Despite knowing about the abnormal test results, neither Qin Yuyuan nor her mother took measures to address her health condition. Instead, they engaged in deceit and encouraged others to participate in unethical and illegal activities. By hiding her abnormal liver

function, Qin Yuyuan endangered the health of her coworkers by sharing public facilities such as the company cafeteria without regard for others' well-being. Such conduct not only violates workplace ethics and laws but also tarnishes her personal reputation.

2. Screenshot Evidence of Falsification and Substitution of Blood Samples

- Figures 1 to 4: Evidence includes screenshots of chat records detailing the arrangement for N to provide a blood sample on behalf of Qin Yuyuan and discussions with her mother regarding the submission of the falsified medical report.

第一部分

秦瑜苑入职体检验血报告异常，令他人代其采血，作假体检报告

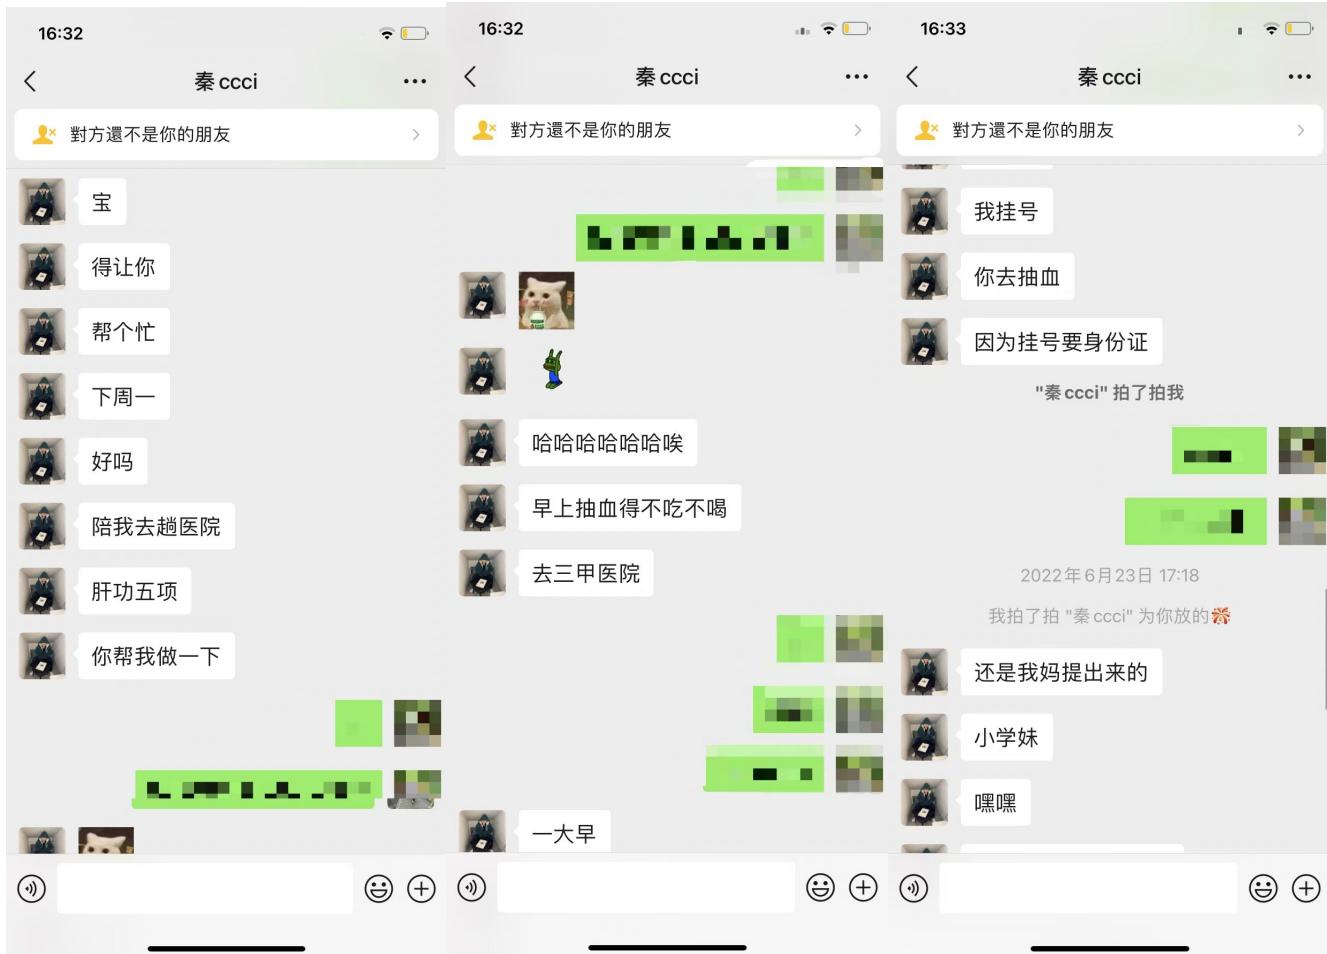

1. 作假过程举报

当事人秦瑜苑，目前，NTU master of knowledge management, graduate student 2022，现为隆基乐叶电池制造中心生产支持综合专员。

早在 2022 年 6 月 23 日，还尚未入职的员工秦瑜苑，因其入职体检报告“肝功五项”出现异常，无法正常入职。为了使身体不健康的秦瑜苑能够顺利入职，其母亲与其商榷下，建议秦瑜苑令“小学妹”（以下简称 N）去医院代替她抽血，隐瞒其“肝功五项”异常的事实，以将 N 正常的验血报告上交至公司人力资源处。（详见聊天记录）

秦瑜苑与其母，在“肝功五项”异常的情况下，非但没有健康安全意识调整治疗自己的健康，反而教唆他人代其验血，以隐瞒入职。令“肝功五项”异常的秦瑜苑与其他并不知情的健康同事一同工作，使用食堂等公共设施，毫无道德公德。此违法行为严重危害他人的健康，也羞辱其人品。

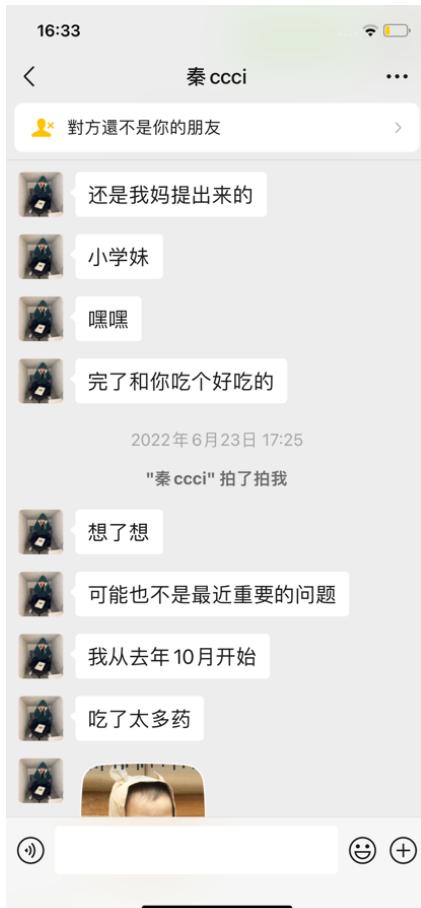

2. 作假与欺骗他人代其采血的截图证据（图 1 至 图 4）

Evidence Picture 2 - 图 2

Evidence Picture 3-图 3

Evidence Picture 4 - 图 4

3. Evidence Linking Qin Yuyuan's WeChat Account to Her Identity as an NTU Master of Knowledge Management Graduate (2022)

To verify that the individual involved in the falsification of medical examination reports is indeed Qin Yuyuan, a graduate of NTU's Master of Knowledge Management program in 2022, the following evidence is provided:

Part II

Compilation of Evidence Supporting Qin Yuyuan's Concealment of Mental/Physical Illnesses on Public Platforms

I. Analysis of Public Posts for Keywords Related to Mental/Psychological Disorders and Offensive Language

Through an examination of the public posts made by the identified account linked to Qin Yuyuan, the following patterns were observed:

1. High Frequency of Keywords Related to Mental/ Psychological Disorders

Posts made by the account frequently include references to mental or psychological health issues, using terms such as:

- "Depression" (抑郁)
- "Anxiety" (焦虑)
- "Mental breakdown" (精神崩溃)
- "Paranoia" (偏执)

These terms appear repeatedly in posts, suggesting an ongoing acknowledgment or indirect admission of mental health challenges.

2. High Frequency of Offensive Language

Posts also include frequent use of abusive or offensive language, such as:

- Explicit curses targeting individuals or groups.
- Derogatory language reflecting violent tendencies or aggressive behavior.

3. Summary Table of Keyword and Offensive Language Frequency

A detailed breakdown of post content has been compiled, illustrating the significant presence of these terms and phrases.

死/想死/不想活着	23 次	抑郁	3 次
绝望/可悲/无奈	6 次	崩溃/焦虑	7 次
痛/痛苦	16 次	疯/发疯	9 次
折磨/自残	5 次	精神/心理/神经问题	12 次
废物	1 次	情绪	6 次
逃避/难过	4 次	怪物	1 次
烦	14 次	贱	1 次
恶心	4 次	麻木	5 次
破碎	1 次		
草/草泥马/fuck/wcnm/cnm	25 次	气/生气	27 次
吗的/妈的/他妈/麻痹/妈逼	29 次	傻逼	3 次
毛病	1 次	鸡/贱鸡	2 次
滚/滚蛋	3 次	卧槽/操	3 次

Analysis of Specific Keywords and Phrases

Observed Keywords in Posts

The keywords and phrases in above chart, indicative of emotional distress, mental/psychological health struggles, and offensive language, have been identified in the public posts linked to Qin Yuyuan:

1. Keywords Reflecting Suicidal Ideation or Emotional Despair

- **Suicidal Ideation:** "死" (die), "想死" (want to die), "不想活着" (don't want to live).
- **Despair and Hopelessness:** "绝望" (despair), "可悲" (pitiful), "无奈" (helpless).

2. Keywords Indicating Pain and Mental Struggles

- **Pain and Suffering:** "痛" (pain), "痛苦" (suffering).
- **Self-Harm or Torment:** "折磨" (torment), "自残" (self-harm).
- **Negative Self-Perception:** "废物" (worthless).

3. Keywords Expressing Emotional Avoidance or Frustration

- **Avoidance and Sadness:** "逃避" (avoidance), "难过" (sad).
- **Frustration:** "烦" (annoyed).

4. Keywords Indicating Strong Disgust or Breakdown

- **Disgust and Anger:** "恶心" (disgusting).
- **Breakdown:** "破碎" (broken).

5. Offensive Language

- **Cursing and Vulgar Expressions:**
 - "草" (cao), "草泥马" (grass mud horse, an expletive pun), "fuck", "wcnm" (an abbreviation of a curse), "cnm" (curse).

- "吗的" (damn), "妈的" (damn), "他妈" (damn it), "麻痹" (paralysis), "妈逼" (curse).

6. Dismissive and Aggressive Phrases

- **Dismissive Remarks:** "毛病" (problem), "滚" (go away), "滚蛋" (get lost).

Keywords Reflecting Mental/Psychological Distress (Self-Related)

The following terms indicate struggles related to mental and emotional health, appearing in posts but primarily referencing the individual herself:

- **Death-related thoughts:** 死 / 想死 / 不想活着
- **Hopelessness:** 绝望 / 可悲 / 无奈
- **Pain and suffering:** 痛 / 痛苦 / 折磨 / 自残
- **Self-deprecation:** 废物
- **Emotional struggles:** 逃避 / 难过 / 烦 / 抑郁 / 崩溃 / 焦虑
- **Psychological/neurological issues:** 疯 / 发疯 / 精神 / 心理 / 神经问题
- **Other negative emotional states:** 情绪 / 麻木

These terms suggest significant personal challenges and emotional distress.

Offensive and Abusive Language (Directed Toward Others)

The following words and phrases demonstrate hostility, aggression, and offensive communication directed at others:

- **Derogatory language:** 傻逼 / 贱鸡 / 鸡
- **Profanities:** 卧槽 / 操 / 恶心 / 草 / 草泥马 / fuck / wcnm / cnm

- **Insults and dismissals:** 呸的 / 妈的 / 他妈 / 麻痹 / 妈逼 / 滚 / 滚蛋
- **Hostile descriptors:** 破碎 / 毛病

The frequent use of such language toward others reflects an aggressive and confrontational communication style, which may be indicative of broader behavioral concerns.

Summary of Findings

- Self-directed keywords reflect personal mental health struggles and emotional instability.
- Other-directed offensive language highlights hostility and a lack of respect in communication, posing potential interpersonal and workplace risks.

The prevalence of these terms in the posts not only indicates significant emotional and psychological struggles but also reflects a pattern of aggressive and offensive communication. This further corroborates the concern regarding the concealment of mental and psychological health conditions during the employment process.

II. Five Allegation Categories: Comprehensive Statement

The following five categories summarize the allegations against **Qin Yuyuan**, supported by corresponding screenshots:

1. Mental Illness

Evidence highlights signs of **depression**, **anxiety**, **suicidal tendencies**, **violent behavior**, and **abusive language** in her public posts. These behaviors raise concerns about her emotional stability and ability to maintain a safe and professional environment.

2. Physical Illness

There is evidence that **Qin Yuyuan concealed being hearing-impaired** and other physical health issues. Combined with the earlier **falsification of her employment medical report**, this necessitates strict scrutiny regarding her physical fitness for work.

3. Misandry and Gender Divisive Remarks

Posts exhibit **hostility toward men**, with remarks that promote **gender opposition** and encourage discrimination.

4. Statements Highlighting Low Moral Standards

Evidence includes posts showcasing:

- A lack of respect for social norms and workplace ethics.
- Behavior and language that reflect **poor moral judgment**.

III. Detailed Statements and Screenshot Evidence for Each Allegation

1. Evidence Supporting Mental Illness Allegations

Evidence includes posts containing terms and phrases that indicate:

- Depression:** Frequent mentions of hopelessness, despair, and feelings of worthlessness.
- Anxiety:** Self-reports of nervousness, panic, and overthinking.
- Suicidal tendencies:** Explicit statements about wanting to die or finding no meaning in life.
- Violent behavior:** References to harming others or engaging in destructive actions.
- Abusive language:** Excessive use of profanities and insults directed at unspecified individuals.

(Screenshot examples provided for consideration.)

连做了两个噩梦 心理活动很丰富的时候（常常是负面的）就会做梦 拉回现实 今天不是周末 按理上班 我觉得我需要打开电脑 于是我坐在电脑桌前 我需要控制我自己

梦里 坡阳台构造晾的衣服 狂风暴雨取不到 电梯坏了出不去 偷偷潜入某位同学家中 把手机落在哪里了一切都是失控的

但可能 我也不必过度紧张 只能代表昨日的情绪罢了

2. Evidence Supporting Physical Illness Allegations

The following evidence points to Qin Yuyuan's concealment of a hearing impairment and other undisclosed physical health issues:

- Concealment of Hearing Impairment: Qin Yuyuan has not disclosed her hearing impairment in the context of her employment, despite being aware of the condition. There is no record of her revealing this information during her employment process or health check, which raises concerns about transparency and integrity.

- **Concealment of Other Physical Health Issues:** In addition to the hearing impairment, Qin Yuyuan may have hidden other physical conditions that could affect her work performance or well-being. This is significant in light of the earlier allegations regarding her falsification of the pre-employment medical report, particularly related to the "Liver Function Panel" abnormalities. The combination of these actions suggests a pattern of concealing health issues that could impact her professional fitness.

These findings, when combined with the previous falsification of the medical report, require strict scrutiny to ensure that such issues are fully addressed.

(Screenshot evidence can be provided to substantiate these claims.)

耳朵今天突然咯吱咯吱地响
我真的有一点害怕 让妈妈检查了也没有耳屎罢了
不知道怎么了 现在还在响
我就一个 拜托让它好好的吧 希望我健健康康的
明天不要响了...🙏

牙又一天比一天疼 快支撑不住了

想死

我爸妈承受太多了 还要继续承受我嚷嚷牙疼

从表面看一点问题也没有 请问邪病该怎么办啊

我是造什么孽了吗

一切都会过去吗

什么时候会好起来

就像来的时候没有原因的那样好起来

不想再受苦了 太久了

拜托 拜托 拜托

但行好事。。

III. Proof of Qin Yuyuan's Weibo Account ID and Her Role at LONGi Leye Battery Manufacturing Center

The following points provide evidence that **Qin Yuyuan** is the same individual associated with the **LONGi Leye Battery Manufacturing Center** as the **Production Support Specialist**:

1. Weibo Account Links

Qin Yuyuan operates **two Weibo accounts**:

- **Second Account:** [FreewillQ-](https://m.weibo.cn/u/6963336415)

<https://m.weibo.cn/u/6963336415>

- **First Account:** [北 21 条西 5 丁目](https://m.weibo.cn/u/3559283554?luicode=10000011&lfid=1076033559283554)

<https://m.weibo.cn/u/3559283554?luicode=10000011&lfid=1076033559283554>

2. Verification of Account Ownership

Upon reviewing the content from both Weibo accounts and comparing it with the information regarding **Qin Yuyuan**, an **NTU Master of Knowledge Management graduate (2022)** and **Production Support Specialist at LONGi Leye Battery Manufacturing Center**, the accounts match with this individual. The content and personal details displayed on these accounts correspond to **Qin Yuyuan's background** as a graduate and her current professional role, establishing the accounts as hers.

This verification process confirms that these accounts are indeed owned by **Qin Yuyuan**, further linking her personal social media presence with her **professional identity** at LONGi Leye Battery Manufacturing Center.
